The Foundation and the School

IMPACT OF DONATIONS
The development projects supported by the Foundation
The Foundation's Key Figures in 2021

A NEW FOCUS OF SUPPORT
Responsible Entrepreneurship

THANK YOU
Our donors are committed
Dear donors,

The sum of your donations in 2021 amounts to more than €3 million, i.e. an increase of +52% over the year 2020, which was already +57%.

Thank you for your tremendous generosity to ESSEC!

Unlike other Foundations, the ESSEC Foundation focuses on donations from alumni and does not include in its figures either corporate contributions for the Chairs or the apprenticeship tax which are paid directly to the School.

Your donations are not used to balance ESSEC’s operating account, which the School has judiciously and skilfully achieved for five consecutive years, despite the Covid crisis and the end of subsidies. The mission of the ESSEC Foundation is to promote and finance equal opportunities and to support future projects and the development of the School.

Thus, in 2021, while scrupulously respecting your choices and allocations, we financed €850,000 for social grants, €2 million for the Campus 2023 project, and the balance for academic excellence and the endowment fund.

Fundraising for the new Campus 2023 will continue in 2022 and 2023. To date, the ESSEC Foundation’s cumulative contribution to this fabulous project amounts to nearly €6 million. One of the buildings will bear the name of one of our most generous donors, who sadly passed away in 2019: the “Pierre Nanterme Center for Responsible Leadership”, perfectly aligned with ESSEC’s humanist values.

For your past and future donations, the ESSEC Foundation and ESSEC thank you most sincerely.

Kind regards.

Thierry Fritsch (E80)
President of the ESSEC Foundation

THE ESSEC FOUNDATION
OUR MISSIONS

Created in 2011 by 4 alumni, with the support of the School, the ESSEC Foundation is placed under the auspices of the Fondation de France.

Its mission is to support the School’s development and its international influence through the financing of social scholarships, the transformation of the Cergy campus, support for academic excellence, responsible entrepreneurship and the strengthening of ESSEC’s financial independence.

To find out more about the Foundation and its projects, visit our website fondation.essec.edu
Dear Donors,

ESSEC is more than ever determined to become the world’s reference school for preparing women and men to be enlightened, responsible, inclusive and influential leaders in economics, politics and civil society.

With humility and deep conviction, true to our humanist vocation and our pioneering spirit, we prepare them to create value, to accelerate transitions, to accompany and positively influence the way we respond to the major issues that are shaking our world and to give them meaning.

Since the launch of our RISE strategy at the end of 2020, we have already achieved a great deal in transforming the way we teach, produce knowledge and run our campuses to integrate issues related to environmental and societal transitions, digital and artificial intelligence, and entrepreneurship and innovation.

We must continue these transformations to keep pace with a constantly changing world. To do so, we must constantly experiment, innovate, adopt an adaptive and learning approach, and ask ourselves whether our activities are exemplary and relevant without ever compromising on their quality, because the impact we can have on society is quite simply enormous!

Thanks to your support for the Foundation, ESSEC is able to strengthen its actions to achieve this ambition, and can offer all talents, regardless of their origin, the unique and differentiating experience of excellence that sets it apart.

I warmly thank you for your donations which allow our esteemed School to uphold its tradition of excellence, humanism and innovation so that we can truly make a difference in transforming our world and our economy.

Vincenzo Vinzi,
Dean and Managing Director, ESSEC Business School

Major French higher education and research sites of national and international standing.
May | ESSEC Impact Initiative
Building on the 19 years of experience of the Chair of Entrepreneurship and Impact Innovation, this platform dedicated to impact reflects the School’s commitment to the transformation of organisations and territories for an inclusive and sustainable world. It offers numerous educational contents, such as podcasts, videos, MOOCs and articles.

September | ESSEC FOUNDERS DAY, AN EVENT DEDICATED TO ENTREPRENEURSHIP
Organised at the Bpifrance offices in Paris, this event honours young companies created by students or alumni of the School, through a startup competition. This year, in the “student startup” category, Tristan Maurel was awarded for his company Umiami. In the “Alumni Startup” category, Julia Néel Biz and Nicolas Merlaud were awarded for “Teale”, a holistic mental health platform for company employees.

December | ESSEC launches 3 new chairs
The Talents for Ecological Transition Chair develops multi-skilled talents for the ecological transition. It is also a research chair, working in collaboration with partner companies, associations and public actors. The Global Circular Economy Chair trains ambassadors to promote the circular economy as the model most likely to solve the major challenges of tomorrow (economic, environmental and social), in all organizations. Finally, the ICP-ESSEC Chair in Business and the Common Good addresses the question of the common good from the dual perspective of management and the humanities.

| AN EVER-STRONGER PARTNERSHIP WITH CY CERGY PARIS UNIVERSITY
In 2020, ESSEC joined CY Cergy Paris Université and CY Alliance. Through this association, ESSEC participates in the governance of the university and in the site policy. The CY Initiative project led by CY Cergy Paris Université and ESSEC Business School has been labelled ISITE by the French government. It aims to create a top-ranking academic powerhouse in the Western Paris region in the form of a research-intensive international university within 10 years, and to be ranked in the top 200 in rankings such as Times Higher Education (THE) and QS.
April | THE FOUNDATION CELEBRATES ITS 10 YEARS!
This tenth anniversary was an opportunity for the ESSEC Foundation to reaffirm its mission, which is to accompany the School’s development through its axes of support. And to highlight all that it has accomplished in a decade, thanks to the generosity of its donors.

September | FOUNDATION CEREMONY IN PARIS
This ceremony brought together the ESSEC community in all its diversity to promote equal opportunities and academic excellence. This year, exceptionally, the ESSEC Foundation welcomed Major General Pierre-Joseph Givre for the presentation of the Captain Chomel de Jarnieu Award, in memory of Captain Romain Chomel de Jarnieu (E08). The student association Cheer Up won this award thanks to its ICARE project, in which it offers flying lessons to young cancer patients in hospital every year.

November | FUNDRAISING CAMPAIGN WITH ESSEC ALUMNI
Last November, ESSEC Alumni and the ESSEC Foundation joined forces to run a fundraising campaign, based on the matching gift principle, in favour of the Campus 2023 project. Launched on November 1, the campaign ended on November 30, Global Generosity Day. During this month, all donations from participants were matched by ESSEC Alumni, reaching a total of €328,000 donated to the Foundation for the Campus.

December | MAJOR DONORS’ DINNER IN PARIS
A convivial and much appreciated opportunity to thank the Foundation’s major donors for their generosity and their commitment to the School’s development. During the evening, Thierry Fritsch (E80), President of the ESSEC Foundation, reminded the audience of the Foundation’s four main objectives: Campus 2023, academic excellence, the endowment fund, and particularly, equal opportunities, with an objective of €1.1 million per year dedicated to scholarship students. Vincenzo Vinzi, Managing Director of the ESSEC Group, shared ESSEC’s development projects, challenges and high ambitions.

CAMPUS 2023
A GREEN AND ECO-RESPONSIBLE CAMPUS

€6 MILLION
awarded by the Foundation since
the beginning of the fundraising
campaign in 2019

3 eco-responsible
buildings

- 25 % carbon emissions
from 2023

229 donors

It is an environmentally friendly campus at the cutting edge of innovation, with the bio-climatic dual shell of the Research Green Tower, rainwater recovery for sanitary facilities and the irrigation of green spaces. The project also includes the pedestrianisation of the entire campus with the creation of new landscaped areas and increased biodiversity, the installation of photovoltaic panels, composters and organic gardens, etc.

Out of the €6 million contribution of the Foundation to date to the Campus 2023 project, €328,000 was donated by ESSEC Alumni following their crowdfunding initiative organised in November 2021, a donor matching campaign during which ESSEC Alumni doubled the donations from donors.

This campaign has helped to raise awareness of the project among alumni, based on the “Together” pillar of ESSEC’s strategy. “Acting together” is also the motto of the foundation, which thanks ESSEC Alumni for its mobilization.

The Pierre Nanterme Center for Responsible Leadership will house next-generation classrooms and a space dedicated to entrepreneurship.

The Research Green Tower will be the home of academic excellence and cutting-edge research.

The Sports and Recreation Center Centre will have a modern and versatile sports infrastructure with a large multi-sport hall, a climbing wall and a rooftop tennis court.
CAMPUS 2023
THE CERGY CAMPUS IS BEING TRANSFORMED

The Cergy Campus has been undergoing a major transformation in recent months and three new eco-responsible buildings are beginning to emerge in line with ESSEC’s “Together” strategy.

DISCOVER IN PICTURES THE 3 BUILDINGS UNDER CONSTRUCTION AND THEIR PROJECTED COMPLETION

THE FUNDRAISING CAMPAIGN CONTINUES IN 2022 AND 2023!

In recognition of a significant donation to this project the naming of a space could be proposed.

Follow the progress of the project
The Foundation supports ESSEC in its commitment to a more inclusive and just world. Through the generosity of its donors, it finances social scholarships for students enrolled in the Grande Ecole and the Global BBA.

What is an ESSEC social scholarship?

This is a reduction in tuition fees, awarded by ESSEC to a student who receives a CROUS (Centre Régional des Oeuvres Universitaires et Scolaires) grant. ESSEC’s social scholarships are intended for students under 28 years of age, with limited family resources and pursuing undergraduate studies in the Grande Ecole and Global BBA programmes.

The amounts of social scholarships vary from €1,400 to €15,200 depending on the student’s CROUS level. This level is determined according to three criteria: the family’s income, the distance from the place of study and the number of children dependent on the family for tax purposes.

I would like to thank the donors of the ESSEC Foundation who made it possible for me to study for my first year at ESSEC with serenity. I would like to tell the ESSEC alumni to join the Foundation’s network in order to show students that they do not have to censor themselves for financial reasons.

I am sure that young people like me will take up the torch and continue to give to the Foundation, as you did with us.

Elise
1st Year Student Grande Ecole

Each year, scales for student aid are revised to reflect the economic situation of families. Now we are seeing the repercussions of the health crisis that will persist well into the future as the sudden loss of income for two years has put a strain on the finances of many households. Moreover, CROUS has re-assessed the level of its scales upwards, which increases the need for scholarship funding.

I am sharing my thoughts with you today to encourage you to support the ESSEC Foundation. Every euro counts.

Evelyne Nickel, ESSEC Group
The ESSEC Foundation works alongside the faculty to support academic excellence, promote ESSEC’s expertise in France and internationally, and finance excellent research and innovative teaching programmes.

**AWARD FOR TEACHING EXCELLENCE 2021-2022, CATEGORY “PERMANENT FACULTY”**

This award reflects the preferences expressed by nearly 2,000 students and participants of the ESSEC group. This year, the prize was awarded to Arthur Gautier, Assistant Professor at ESSEC in the Department of Law and Business Environment, and Executive Director of the Philanthropy Chair, as well as Head of the French Fundraising Certificate.

I am very touched to receive this award from the ESSEC Foundation. It is a very important mark of recognition for me, because it comes from our students, whose learning and well-being I consider a priority in the strategy of any higher education institution. This award has a very special significance because of the unprecedented period we have all been going through for almost two years.

Arthur Gautier, winner of the award for teaching excellence

**THE FOUNDATION AND THE ESSEC PHILANTHROPY CHAIR**

The Philanthropy Chair has become a major player in research and training. Created in 2011, it will celebrate its 10th anniversary in 2021 like the ESSEC Foundation. With 25 publications and 700 professionals trained, it embodies the pioneering spirit of ESSEC.

The Foundation conducted an action research study with the Chair in April 2021, in order to test the impact of messages in e-mail campaigns. This study will be repeated in 2022.
ENDOWMENT FUND
SUSTAINABLE SUPPORT FOR ESSEC

€2,57 MILLION
collected since 2011

I donate to the ESSEC Foundation’s Endowment Fund because it contributes to ESSEC’s independence, and to the sustainability of the Foundation’s projects. This Fund is inspired by the great American universities: in the long term it will constitute the School’s own funds. Its resources come from Alumni donations and are invested with independent professionals. The revenues generated are partly reinvested, gradually increasing the “strike power” of the Foundation, and partly distributed to carry out its projects.

Denis Leroy (E86)

A NEW FOCUS: RESPONSIBLE ENTREPRENEURSHIP
SUPPORT FOR FUTURE ENTREPRENEURS

The ESSEC Foundation has chosen to support a new scholarship programme in partnership with the ESSEC Entrepreneurship and Innovation Centre in order to provide living expenses for students who wish to initiate an entrepreneurial project.

This programme will offer 3 scholarships between €1,000 and €5,000 after selection of the candidates by a jury made up of alumni entrepreneurs, a representative of ESSEC and a representative of the Foundation.

- **The SUSTAINABILITY Scholarship**
  for a project with a positive environmental or societal impact in the prototyping phase and before market launch

- **The ENTREPRENEUR AMBITION Scholarship**
  to provide financial support and compensate for a paid internship or job, in order to devote full time to the project

- **THE WOMEN’S ENTREPRENEURIAL SCHOLARSHIP**
  for any female student who dares to undertake and inspire others to do the same
ESSEC CAPTAIN CHOMEL DE JARNIEU AWARD
ESSEC VOILE, 2021 AWARD WINNER

Created on 11 December 2019, in homage to Captain Chomel de Jarnieu (E08), who died for France in Mali, this prize aims to reward a project carried out by one or more ESSEC students within an association or structure that works to promote human commitment.

This year, the ESSEC Voile association won this award thanks to its “Univer’sail” project: a day of sailing offered to young people with disabilities. Created in 1970 by students, ESSEC Voile is ESSEC’s water sports association. It brings together all those who are passionate about the sea and all those who wish to discover or improve their sailing skills.

Two associations were also nominated for this award:

◆ Mission Potosi for its “Yes We Canchal!” initiative, creating a playground in the Pailaviri shelter in Potosi, Bolivia.

◆ Raid ESSEC for its sports and educational support project for a young disabled person.

The Foundation’s award ceremony took place on April 6, 2022 at the ICP.

ACKNOWLEDGEMENT PROGRAMME

These categories acknowledge each donor according to their cumulative donations (including pledges). Each donor benefits from the advantages of the categories below their own.

♦ CHAMPAGNE
from €500

- Mention of your name in the annual activity report of the year of your donation*.

♣ ARGENT
from €15,000

- Invitation to the annual Major Donors’ Dinner.
- Special mention in the ESSEC yearbook*. Lifetime mention of your name in the annual activity report (regardless of the year of your donation)*.

❖ VERMEIL
from €50,000

- Presentation of a nominative ESSEC trophy at the Major Donors’ Dinner for each change of category.

♦ VERMEIL
from €50,000

- Opportunity to publish a testimonial about your donation (text and photo) on our communication materials.

♦ CUIVRE
from €6,000

- Invitation to the Foundation’s Awards Ceremony

♣ OR
from €100,000

- Opportunity to invite your network to a breakfast with the ESSEC or the Foundation’s general management.

❖ GRAND OR
from €200,000

- Opportunity to name a space equivalent to 200 m² in recognition of the donation**.

❖ RUBIS
from €500,000

- Opportunity to name a space equivalent to 500 m² in recognition of the donation**.

♦ DIAMANT
1 million euros and more

- Opportunity to name a space equivalent to 1,000 m² in recognition of the donation**.

*Unless otherwise indicated by the donor.
**Subject to availability and validation by ESSEC’s General Management
DONORS ARE COMMITTED

“We DONATING SECURITIES TO THE ESSEC FOUNDATION IS AS EASY AS A BANK TRANSFER”

I am happy to contribute to ESSEC’s development: scholarships are necessary for students in financial need, a modern campus benefits all those who work there and contributes to the School’s reputation.

The sums spent are useful to the economy... and donations in securities to the ESSEC Foundation through the Fondation de France are as simple as a bank transfer. Those who can afford it have every reason to contribute!

Romain Burnand (E82)

We are indebted to ESSEC as we have inherited its values, in particular those of excellence, merit and fighting spirit.

It is essential that this transmission be perpetuated and that the ESSEC brand continue to shine: above all, money must not be an obstacle, which is why we are committed to giving to the ESSEC Foundation so that it can award even more social scholarships.

Corinne and Jérôme Tafani (E86 & E80)

As soon as the ESSEC Foundation was created, we decided to support it because, through its actions, it perpetuates all the values we hold dear: humanism, diversity of profiles, the quest for a model of sustainable entrepreneurial success in line with the challenges of our world and, above all, a strong commitment to equal opportunities.

In this respect, we have always given priority in our donations to the financing of social scholarships. They are essential; they allow talented students to change their path, to achieve their personal and professional ambitions and thus wonderfully symbolise the “Together” pillar of the ESSEC strategy.

Within our community and thanks to ESSEC Business Angels, the most enterprising among them will then have the opportunity to come and raise funds. With the ESSEC Foundation we can go higher, further, together.

Didier Boullery (E80) and Patrick Legrand (E74)

Co-Présidents of the ESSEC Alumni Business Angels Club
MAJOR DONORS

This first list brings together donors whose cumulative donations (including pledges) are greater than or equal to €15,000 since 2004. It includes not only those who have supported the Foundation since its creation in 2011 but also those who have given to ESSEC before. Some donors wished to remain anonymous and are therefore not included in this list.

HOW TO SUPPORT THE ESSEC FOUNDATION
THE POWER OF YOUR GIFTS

Thanks to your generosity and commitment, we are supporting the School in its mission to train the leaders of tomorrow. The impact of your donations is invaluable.

Depending on household income, social scholarships range from €1,400 to €15,200

<table>

**Online**
At dons.fondationdefrance.org/ESSEC

**By cheque**
Please make out to «FDF/ESSEC Foundation» and send with this form to Sandrine Huyghe, ESSEC Foundation, 3 avenue Bernard Hirsch, 95021 Cergy-Pontoise

**By bank transfer**
To the account HSBC France Paris CBC 511 IBAN: FR76 3005 6005 1105 1100 2022 907 / BIC: CCFRFRPP. Indicate «FDF/ESSEC Foundation + your name». Then return this completed form to us or inform us by email at fondation@essec.edu

**Direct debit**
You will find enclosed the SEPA direct debit form to be returned to us with a bank account number

**Dons de titres, legs, assurance-vie, donation, …**
◆ The donation of securities (shares, bonds, etc.) can reduce your capital gains tax significantly. The donation may concern movable property (works of art,..) or real estate.
◆ A bequest allows you to pass on property to one or more beneficiaries in your will after your death. Your bequest to the ESSEC Foundation is totally exempt from inheritance tax.
◆ Life insurance allows you to build up capital that can be transmitted to the natural or legal person of your choice in the event of death or during your lifetime. The capital will be exempt from all transfer duties and other taxes.

**TAX DEDUCTIONS FOR RESIDENTS IN FRANCE**

| 66% of your donation is deductible from your income tax, up to a limit of 20% of your taxable income, with a carry-over of the surplus possible over 5 years. |
| 75% of your donation is deductible from the tax on real estate wealth, with a deduction ceiling of €50,000. |
| 60% of your company’s donation is deductible from corporate tax, up to a limit of 0.5% of turnover excluding tax or €20,000. |

**YOU LIVE IN EUROPE OR THE UNITED STATES**
You benefit from tax deductions on your donation to the Foundation in your country of residence:
◆ **Germany, Belgium, Italy, United Kingdom, Switzerland or the United States**, you can make a donation online at : donate.transnationalgiving.eu/landing/FondationESSEC
◆ **Luxembourg**: an agreement allows you to make a donation directly to the ESSEC Foundation
◆ **Bulgaria, Hungary, Ireland, Netherlands, Poland, Romania, Slovakia**, contact Sandrine Huyghe au +33 (0)1 34 43 37 01 ou fondation@essec.edu
Dear alumni,

Don’t forget to update your email and postal details to continue to receive our news and invitations. You can send us an email to fondation@essec.edu or scan this QR Code.
